

New Holiday Gift Item Alert - BlumSafe Travel Watch Winder *Give One or Grab One for Yourself*

Archdale NC (October 1, 2024) The new BlumSafe [Travel Watch Winder](#) features a whisper-quiet Mabuchi motor powered by AA batteries or USB charger and offers two winding settings. Two different watch cushions – plastic or sponge – allow for different weight and size watches. The PU vegan leather features an alligator style pattern in black or brown. The lightweight (1.75 lbs.) cylinder is 3.78” in diameter and 7.3” long and includes a window for viewing the watch inside. Similar functioning travel watch winders cost \$600 but the BlumSafe Travel Watch Winder is only \$79.95 USD, which makes it great for gift giving.

“Like many BlumSafe products, the travel watch winder was created because I couldn’t find a quality product at a decent price point. I usually travel with 2-3 watches and want to be able to rotate between my dress watch, a GMT, sport watch, etc. I didn’t want to pay \$600 for a travel winder so this was our solution, at a great price,” shared BlumSafe Founder & CEO Rob Blum.

BlumSafe’s practical and reasonably-priced timepiece storage options including [wall-mounted safes](#) and unique [concealment solutions](#) with a myriad of customization options and accessories that will appeal to devoted horologists and jewelry collectors alike. About BlumSafe:

BlumSafe was born from a passion for watches and an unwavering commitment to create accessible, secure watch storage solutions for discerning collectors, as well as for customers seeking to protect or showcase all types of other valuables. Founder Rob Blum sought to keep his watch collection secure from household visitors and thieves while also allowing easy access to swap out watches daily -- at a reasonable price. Blum’s initial solution was a deep wall-mounted safe with watch winders, offered at a fraction of the price of expensive freestanding watch safes. Since 2016, the product line has evolved to include a variety of tasteful and flexible options for watch collectors and others around the world. Customers can customize BlumSafe’s Made in America products as their needs change, including safes with steel or transparent “display” polycarbonate doors, concealment cabinets and accessories to fit their personal style.
